WILSON, the President HUGHES, the Candidate

Business Men:

Business is good: NEVER before has it been better. We HAVE prosperity and it is on a sound, constructive basis. These are indisputable FACTS, not promises, not speculation.

In spite of the sound development of the marvelous resources of our country, Charles E. Hughes vehemently declares he will change both our domestic and our foreign policies.

A changed domestic policy can result only in renewed, unwarranted and unprofitable business agitation; while a changed foreign policy may lead to war.

Mr. Hughes' candidacy, therefore, is the most serious menace confronting the welfare of the nation.

You know what President Wilson's policies are; you know what he will do. He frankly and freely tells you.

Joseph H. Choate, famous Republican, said, on April 9th:

"Besides this, Justice Hughes has never had any experience in foreign affairs, which now most critically involve our national honor and safety; and, what is more, no man knows what his views are on this or any other of the leading questions which now agitate the people of the United States."

Mr. Hughes has been speaking for three months—

and the truth of Mr. Choate's statement still holds. When, according to the New York Sun, Mr. Hughes said in Milwaukee, "The whole Democratic accomplishment must be wiped off the books for the good of the country," he showed that he was the logical leader for a party that has never failed to produce a panic.

This is a threat to destroy:

- 1—The Federal Reserve Act, which has put a stop to panics and made business safe;
- 2—The Federal Trade Commission, which is doing so much to fix just relations between business and the Government;
- 3—The Rural Credits Law, which does justice to the farmer and protects him against the usurer;
- 4—The Non-Partisan Tariff Commission Act, which will take the Tariff out of politics.

Jacob H. Schiff says:

"I want to explain that nothing can stop that great prosperity we now have except a renewal of tariff agitation in the next campaign."

Remember the long Republican panic beginning 1873!—with its Black Friday,

Remember the long Republican panic beginning 1890!

and

Remember the long Republican panics, bread lines, and soup kitchens under Roosevelt!

A COMBINATION THAT WORKS WELL

Doing an Immense Amount of Good

No other medicines possess such curative properties as these two great restoratives, Hood's Sarsaparilla and Pepton Pills, working together. They reach the impure, impoverished, poisoned, devitalized blood, and the worn, run-down, overworked, exhausted system. They awaken the appetite, aid digestion, purify and vitalize the blood, give renewed strength to the whole body, produce sound, natural sleep, and a complete restoration to good health. Two dollars invested in these two medicines will bring better results than four dollars spent in any other course of treatment or attendance.

It will be wise to get Hood's Sarsaparilla and Pepton Pills to-day. They are sold by all druggists everywhere. Accept no substitutes. 200 doses \$2.—Adv.

BETHEL TAKES PROMPT STEP

To Prevent Spread of Diphtheria, the Schools and "Movie" Being Closed

"HEALTHY" CARRIERS ARE DISCOVERED

There Are Only a Few Cases and No Patient Is Seriously Ill

Bethel, Nov. 4.—Two pupils of the grades, Henry Persons and Margaret Owen, were quarantined yesterday as diphtheria carriers, as a partial result of 150 cultures secured Wednesday and Thursday by Health Officer O. V. Greene, based on reports from the state laboratory, and more positive reports are expected. The Persons and Owen children to all appearance are quite well thus far.

As a precautionary measure quite as much because of the probable presence in the village of a number of "healthy" carriers as because of seven or eight actual cases of illness from the disease, the village schools, including the high school, will be closed all next week and possibly longer; the moving picture theatre will be closed and at the election entertainment next Tuesday evening persons under 18 years will not be admitted.

Meanwhile, owing presumably to the use of anti-toxin serum, there has been nobody seriously ill with the disease.

HAS MADE OFFER FOR THE DODGERS

Noted Horseman Latest to Be Mentioned as Possible Owner of Brooklyn Club.

New York, Nov. 4.—A rumor was current here yesterday that Harry Payne Whitney, well known sportsman and horseman, has made an offer for the Brooklyn National league club, and that it will be considered when Charles H. Ebbets, president of the club, returns from a trip to New Orleans.

BRADFORD

Several of the pupils but only a few of the parents met at Wood's hall Monday evening when members of the junior and senior classes of the academy held a debate on the question, "Should Suffrage Be Extended to Women?" The meeting was called to order by Earle Haskins. Those speaking on the affirmative side of the question were Dorothy Hardy, Perley Clogston and Ethel Martin and those taking the negative side were Dorothy Connell, Helen Clark and Ruth Johnson. Three minutes were given each speaker and ten minutes to each side for rebuttal. The judges were Mrs. Edwin Porter, Dr. G. A. Weaver and Supt. E. L. Clark. Dr. Weaver, in rendering the decision, said: "Strange to say, all the judges favor suffrage and while the speakers all did well, the negatives so much more nearly exhausted the argument than did the affirmatives that the decision must be given in favor of the negatives." The academy orchestra, which is a new feature of the school, rendered two selections in a creditable manner. The domestic science class furnished refreshments to help in their work. Promenading was enjoyed by the pupils for a short time before closing.

A daughter was born Oct. 23 to Mr. and Mrs. Edwin Chase.

Mrs. Arthur Johnson spent a part of last week with her daughter in Lisbon, N. H.

Maynard Ellis has finished work for P. A. Lund and is soon to begin work for Mrs. Gorbam of South Newbury.

The mothers of some of the pupils of the academy are pleased to know that by the payment of a small sum weekly either soup or cocoa will be served by the domestic science class to all who wish for it at the noon hour.

"The Lion and the Mouse" was given by the Nellie Gill company in village hall Thursday evening to the usual large audience. Before the last act Miss Gill, in her pleasing manner, thanked the people in behalf of the company for their liberal patronage. She said they should look forward with pleasure to returning to Bradford for another season with entirely new plays and with the same cast of characters as nearly as possible.

Herbert Webster of Lyme, N. H., is working for P. A. Lund.

The church fair held by the ladies of the Congregational church last week was a success, both socially and financially.

The basketball team of Bradford academy went to Thetford Wednesday evening where they met defeat from the academy team there by a score of 17 to 13.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, mother. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember, there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

NEW ITALIAN DRIVE COST 15,000 MEN

Twenty-First Austrian Regiment and Several Battalions Said to Have Been Annihilated.

London, Nov. 4.—A Rome despatch to the Wireless Press says the first day of the new Italian offensive cost the Austrians the loss of 15,000 men. One-third of them were made prisoners, the despatch says. (The Italian war office Thursday reported that 4,731 prisoners had been taken.) The 21st Austrian regiment and several battalions are said to have been annihilated.

The weather is favorable and the battle against the heights east of Gorizia and on the Carso continues fiercely. Austrian counter attacks are described in the despatch as feeble.
